this book engages with key contemporary european security issues from a variety of different theoretical standpoints in an attempt to uncover the drivers of foreign policy and defence integration in the eu although european foreign policy has been attracting an ever increasing number of international relations scholars since the end of the cold war consensus on what drives european foreign policy integration has not yet emerged this book seeks to encourage debate on this issue by examining a wide range of high profile security issues which have roused significant interest from policy makers academics and the public in recent years the volume discusses amongst other issues the strategic posture of the european union as a security actor the troubled relationship with russia the debate regarding france's relations with the us following france's rapprochement with nato and the eu's influence in the israeli palestinian conflict the collective intent of the contributors to highlight the drivers of eu foreign policy and defence integration ties together the wide variety of topics covered in this volume forming it into a comprehensive overview of this issue by paying considerable attention not just to the internal drivers of eu cooperation but also to the critical role played by the us as an incentive or obstacle to european security this book presents a unique contribution to this field of debate this book will be of much interest to students of european security in theory transatlantic relations european politics and eu foreign policy

the fourth edition of conor quigley's highly acclaimed book provides lawyers regulators and public officials with a

definitive statement of the law and practice of state aid the book places state aid law and policy in its economic commercial and industrial context exploring the concept of state aid and its function as a tool of eu law all of this is achieved by a thorough examination of the jurisprudence of the european courts and the decisions legislation and guidelines of the commission in declaring aid compatible or incompatible with the internal market the fourth edition includes new chapters on covid 19 and ukraine emergency measures brexit eu foreign subsidy regulation uk subsidies control and updated guidelines and block exemption regulations on regional aid r d i environmental protection and climate change

eu state aid control law and economics second edition edited by philipp werner vincent verouden when the first edition of eu state aid control law and economics was published eight years ago it was the first of a kind in its in depth analysis of the legal and economic principles of eu state aid control thoroughly exploring the main rationales of state aid and the various trade offs that underlie the rules and the decisions taken by the commission and the courts since then a lot has happened the world has seen developments that seemed to be a thing of the past brexit the covid 19 pandemic and russia s invasion of ukraine european politics and the law of the european union have had to adapt to these challenges and changes and eu state aid law has been no exception in recent years the european commission has conducted a review and adaptation of the general block exemption regulation gber as well as its guidelines and communications covering practically all areas of state aid control we have also seen new rules emerging such as the eu uk trade and cooperation agreement a new set of crisis rules in the wake of the covid 19 pandemic the foreign subsidies regulation and the temporary crisis and transition framework which are all profoundly influencing expanding and modifying state aid control law and practice in the eu at the same time the european courts have shaped state aid law through several important judgments the second edition of this book reflects these developments and their legal and economic implications it has been thoroughly revised updated and expanded new chapters include a chapter on state aid control beyond the eu dealing with brexit and the foreign subsidies regulation a chapter on state aid in times of crisis which discusses not only the covid rules but also the broader implications of the use of temporary crisis rules on the enforcement of state aid rules and chapters on state aid procedure and private enforcement of state aid as a critical assessment of the current status of eu state aid control from both legal and economic perspectives and as an authoritative guide through its complexities and pitfalls this book will be of immeasurable value now and in the coming years to all stakeholders required to understand interpret and apply the state aid rules philipp werner is a partner in

jones day s brussels office he has extensive experience in the area of state aid and advises member states as well as public and private companies on all areas of state aid and competition law vincent verouden is an economic and policy analyst at the european commission responsible for the ex post evaluation of competition policy and enforcement he previously worked as a director of an economic consultancy active in the field of competition economics 2014 2019 and held various positions in dg competition including that of deputy chief economist 2012 2014

recent years have seen the rise of eu state aid law as a crucial component of the european economic constitution to date however the literature has neglected the contribution of this area of eu law to the internal market this book seeks to fill this gap in our understanding of the economic constitution by exploring the significance of state aid law in addressing questions that go to the core of the internal market project it does so by examining the case law relating to three different activities that member states engage in market participation market regulation and funding for services of general economic interest each of these areas offers insights into fundamental questions surrounding the economic constitution such as the separation between the state and the market the scope for member states to engage in regulatory competition and the tension between market and nonmarket concerns

essay from the year 2020 in the subject politics topic international relations grade 1 3 national university of public service ludovika budapest hungary language english abstract this essay addresses the relations between the european union and ukraine firstly the author will introduce background information about the two parties then they will elaborate on the historical context of the eu and ukraine individually and regarding their relations with each other while listing the historical incidents in ukraine the author is trying to point out the european union s impact and reactions on the events which simultaneously has an influence and consequence on their mutual relations in the end the developments of their relation will be summarized and the author will try to give a future prospect
