the dictionary of early american philosophers which contains over 400 entries by nearly 300 authors provides an account of philosophical thought in the united states and canada between 1600 and 1860 the label of philosopher has been broadly applied in this dictionary to intellectuals who have made

philosophical contributions regardless of academic career or professional title most figures were not academic philosophers as few such positions existed then but they did work on philosophical issues and explored philosophical questions involved in such fields as pedagogy rhetoric the arts history politics economics sociology psychology medicine anthropology religion metaphysics and the natural sciences each entry begins with biographical and career information and continues with a discussion of the subject's writings teaching and thought a cross referencing system refers the reader to other entries the concluding bibliography lists significant publications by the subject posthumous editions and collected works and further reading about the subject

excerpt from early american philosophers the department of philosophy that has awakened most interest is that branch which gives expression to the practical tendency already alluded to and which is also closely allied to educational interests viz ethics the earliest of our writers considered it most important and the works which have been written upon it during the present century are very numerous most of these have no great importance but the fact that they were written is evidence of the place which the subject occupied in the thought of the people about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

the dictionary of modern american philosophers includes both academic and non academic philosophers and a large number of female and minority thinkers whose work has been neglected it includes those intellectuals involved in the development of psychology pedagogy sociology anthropology education theology political science and several other fields before these disciplines came to be considered distinct from philosophy in the late nineteenth century each entry contains a short biography of the writer an exposition and analysis of his or her doctrines and ideas a bibliography of writings and suggestions for further reading while all the major post civil war philosophers are present the most valuable feature of this dictionary is its coverage of a huge range of less well known writers including hundreds of presently obscure thinkers in many cases the dictionary of modern american philosophers offers the first scholarly treatment of the life and work of certain writers this book will be an indispensable reference work for scholars working on almost any aspect of modern american thought

for scholars working on almost any aspect of american thought the bloomsbury encyclopedia to philosophers in america presents an indispensable reference work selecting over 700 figures from the dictionary of early american philosophers and the dictionary of modern american philosophers this condensed edition includes key contributors to philosophical thought from 1600 to the present day entries cover psychology pedagogy sociology anthropology education theology and political science before these disciplines came to be considered distinct from philosophy clear and accessible each entry contains a short biography of the writer an exposition and analysis of his or her doctrines and ideas a bibliography of writings and suggestions for further reading featuring a new preface by the editor and a comprehensive introduction the bloomsbury encyclopedia to philosophers in america includes 30 new entries on twenty first century thinkers including martha nussbaum and patricia churchland with in depth overviews of waldo emerson margaret fuller noah porter frederick rauch benjamin franklin thomas paine and thomas jefferson this is an invaluable one stop research volume to understanding leading figures in american thought and the development of american intellectual history

the dictionary of early american philosophers which contains over 400 entries by nearly 300 authors provides an account of philosophical thought in the united states and canada between 1600 and 1860 the label of philosopher has been broadly applied in this dictionary to intellectuals who have made philosophical contributions regardless of academic career or professional title most figures were not academic philosophers as few such positions existed then but they did work on philosophical issues and explored philosophical questions involved in such fields as pedagogy rhetoric the arts history politics economics sociology psychology medicine anthropology religion metaphysics and the natural sciences each entry begins with biographical and career information and continues with a discussion of the subject s writings teaching and thought a cross referencing system refers the reader to other entries the concluding bibliography lists significant publications by the subject posthumous editions and collected works and further reading about the subject

early american philosophers volume 2 issues 1 4 offers a detailed examination of philosophical thought in the early years of the united states authored by adam leroy jones this compilation from 1898 provides valuable insights into the intellectual landscape that shaped the nation the collection explores various philosophical perspectives and their impact on american society this volume is essential reading for anyone interested in the historical roots of american philosophy and its enduring relevance this work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it this work was reproduced from the original artifact and remains as true to the original work as possible therefore you will see the original copyright references library stamps as most of these

works have been housed in our most important libraries around the world and other notations in the work this work is in the public domain in the united states of america and possibly other nations within the united states you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work as a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public we appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

an exploration of the history of american philosophy specifically focusing on the works of jonathan edwards benjamin franklin and ralph waldo emerson this work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it this work is in the public domain in the united states of america and possibly other nations within the united states you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public we appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

excerpt from american philosophy the early schools this volume is the result of a three years tenure as henry e johnston jr scholar in johns hopkins university written almost wholly from first hand sources a large part of which exists only in manuscript it attempts to reconstruct a period of philosophy but little studied and imperfectly understood its aim being both historical and biographical the work seeks

to present tendencies and movements through their personal channels hence there are given in order the psychological characteristics and intellectual development of each of the more important thinkers an exposition of his system under the proper metaphysical captions a summary of his doctrines and the transitional relations to predecessors and successors both at home and abroad here it is necessary to quote copiously the writers discussed to let each man speak for himself for in the absence of any source book of american philosophy it has been found necessary to present in their original form materials scattered inaccessible or almost unknown in writing this preliminary study to be followed by others in an historical series i have been especially indebted to professor j mark baldwin of johns hopkins university to whom i have the honour of dedicating this volume to professor george t ladd of yale university my chief instructor in philosophy to professor josiah royce of harvard university for his generosity in founding the royce collection of philosophic americana and to dr henry w rankin of brooklyn new york for the use of his valuable materials on american speculation about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
